

# ReBuilding Smiles® Project – Expressions of Interest

The ADA Dental Health Foundation (ADA DHF) is excited to announce a 12-month pilot program aimed at supporting survivors of domestic and family violence (DFV) in our communities.

We are seeking Expressions of Interest from dental practice owners in Melbourne who are willing to contribute by offering:

- **One chair for one day per month** (terms regarding fees or rent are open for discussion).

This initiative will provide essential dental care, including initial assessment/triage and ongoing treatment, through the generous support of trauma-informed dental practitioners, specialists, and dental assistants volunteering their time and expertise.

To support the program, ADA DHF will pursue funding through corporate sponsorships and philanthropic grants to cover consumables, instrumentation, and other necessary resources.

## How You Can Help

### 1. Dental Practice Owners

If you can offer a chair and time as part of this program, we'd love to hear from you!

### 2. Volunteering Dental Practitioners

If you are a dental professional interested in volunteering outside your practice, your support will be invaluable.

For more information or to express your interest, please contact:
